Description of Growth / Progress	Captain Shreve High School experienced significant growth with regard to Louisiana Department of Education (DOE) School Performance Score (SPS). Our overall SPS increased from an 82.3 to a 97.7 over the past year. The school experienced growth in each of the four components that are measured which include EOC scores, ACT scores, percent of students graduating with college credit, and percent of students graduating in four years (graduation rate).
Verifiable Data Indicators	Louisiana Department of Education School Report Card
Strategies Used	<p>A variety of factors contributed to the progress at Captain Shreve High School. The progress was attained through a variety of strategies. Improved pedagogy is the primary factor for increasing student achievement. Teachers at Captain Shreve have made a concerted effort to increase student engagement in the classroom. Teachers are using questioning techniques such as wait time to foster rich and deep conversations with our students.</p> <p>In addition to these teaching strategies, Captain Shreve has added several Advanced Placement courses over the past two years. We are using EXPLORE, PLAN, and ACT scores to identify students to take these courses. Dual enrollment opportunities have also increased over the past two years. Administrators and counselors are working with students to facilitate opportunities to attain college credit before leaving high school. We are committed to our students' success at the secondary and the post-secondary level. This year we are adding another layer of college credit opportunity by offering CLEP tests from College Board.</p>
